END THE FEDERAL RESERVE

WHY END THE FED?

The Federal Reserve:
Chains We Can Believe In

- The **Federal Reserve** is spoken of as if it were a government agency. ***IT IS NOT***. It is a group of ***PRIVATELY-HELD*** **banking corporations** which lend money to the United States.

  *"The **Federal Reserve** is an **independent agency**, and that means, basically, that there is no other agency of government which can overrule actions that we take."*
  *- **Alan Greenspan**, former Chairman of the **Federal Reserve**, when asked about the Fed's relationship with the President of the United States.*

- The **Federal Reserve**, through its **inflation of the money supply** and the **distortion of free markets** resulting from its intervention, is ***responsible for the current financial and economic crisis***.

- The current round of "bailouts" **further inflates the U.S. Dollar** and will ultimately serve to plunge the nation into ***an even more severe crisis***, quite possibly even into ***a serious depression***.

- The **Federal Reserve**'s irresponsible "monetary policy" ***caused the Great Depression*** and 11 other recessions, including the one we are experiencing right now, yet ***Congress has never even audited the Fed***.

  *"Regarding the **Great Depression**. You're right, **we did it**."*
  *- **Ben Bernanke**, **Federal Reserve** Chairman, November 8, 2002*

  *"Monetary policy is **exempt from audit** by the Government Accountability Office."*
  - www.FederalReserve.gov/pf/pdf/pf_complete.pdf

- The **Federal Reserve**'s "monetary policy" is **dishonest**. Money which the Fed prints "out of thin air" is the ***cause of inflation***, which results in the **devaluation of the purchasing power of YOUR money**, effectively **stealing from YOUR savings** and **forcing you to work harder and longer** for the same amount of goods and services.

- The Federal Government has the **Constitutional power to print interest-free money**, but instead, American citizens every year **pay trillions of dollars in interest to the Fed** on the money it creates ***from nothing***. This is the ***biggest financial fraud in history***.

Our goal is to **educate Americans** so we can have a **sound monetary system** in this country, and not be **held at gunpoint by private banking interests** who ***pretend*** to be a government entity.

The **Federal Reserve** is **causing our financial crisis** and **destroying our country**! Will ***YOU*** just let it happen? Will ***YOU*** just stand back and watch as we lose our jobs and our wealth?

Take a stand for yourself, your family, and all Americans!

TO END THE WAR

END THE FED

The Federal Reserve Bank creates money out of thin air making endless, senseless wars possible.

Where did the trillions of dollars spent to fund the Iraq-Afghanistan Wars come from? Taxes? Nope. Taxation barely covers the INTEREST on the national debt. The FED, a consortium of PRIVATE BANKING INTERESTS, simply prints the money and lends it to Congress.

Prior to the establishment of the FED in 1913, America's tradition was to avoid foreign entanglement and wage war only in self-defense. The power to issue money from nothing changed that.

"I sincerely believe that ***banking establishments*** *are* ***more dangerous*** *than* ***standing armies"***

--Thomas Jefferson

REPEAL THE FED

The Federal Reserve Bank is the CAUSE of Our Economic Crisis

Demand Real Change NOW!

"I sincerely believe that banking establishments are more dangerous than standing armies"
--Thomas Jefferson

The Fed, our nation's "Central Bank", has put our once prosperous nation at the doorstep of a terrible DEPRESSION. In collusion with the big money center investment banks it created massive DEBT throughout the economy. This mountain of I.O.U.'s was leveraged in a speculative pyramid scheme called "derivatives," creating a BUBBLE that has now burst.

The bankers think that the American people and their children should pay for the consequences of their reckless greed. We must say NO MORE BANKER BAILOUTS and we must demand the replacement of the "Federal Reserve Note" with real, commodity backed money.

The Federal Reserve Act, passed by Congress during Christmas recess in 1913, laid the foundation for the creation of a *privately owned and controlled* central bank and gave private bankers the power to control the nation's money supply.

Sound Money for America!

The privately owned Federal Reserve system of debt has ruined America. How can a massive increase of debt possibly be the solution when it is the cause of the crisis? It can't!

We need Sound Money for America NOW! The power to issue money must be returned to Congress where it Constitutionally belongs, money must be backed by a system of hard assets and the Central Bank monopoly on the issuance of money must end.

America faces a future of economic depression, social upheaval and a total loss of freedom under a dictatorship of the Financial Elite.

We must stand up as a people NOW.
